Specialisation:	Carpenter and Joiner

About TradeSET

TradeSET is a free service provided by Trades Recognition Australia (TRA) to help you understand how trade occupations operate in Australia and is part of the process for applicants applying for the:

1. 457 Skills Assessment Program (eligible applicants seeking skills assessments for temporary migration or to facilitate access to occupational licensing)
2. Offshore Skills Assessment Program (eligible applicants seeking skills assessments for permanent migration)
3. The Trades Recognition Service (eligible applicants seeking skills assessments for employment purposes or to facilitate access to occupational licensing); or
4. TradeSET may also be used as a guide for [Job Ready Program](#) participants

Your TradeSET report will also show any additional training you may require to work in Australia.

Skills assessments for the 457 Skills Assessment Program, the Offshore Skills Assessment Program and the Trades Recognition Service (TRS) are conducted by registered training organisations (RTOs) approved by TRA. Please read the relevant [457 Skills Assessment Program Applicant Guidelines](#), [Offshore Skills Assessment Program Applicant Guidelines](#) or [Trades Recognition Service Guidelines](#) for information, including eligibility requirements and how to locate a TRA-approved RTO.

Your TradeSET report must be given to the TRA-approved RTO conducting your skills assessment.

Important Notes:

The TradeSET report is not a formal skills assessment or a qualification. Persons applying for skilled migration are required to meet all requirements of the Department of Immigration and Border Protection (DIBP). This includes English language requirements and any other requirements as directed by DIBP. Further information about migration requirements can be found at <http://www.border.gov.au/>.

Skills Report

Mandatory Skills	Skilled
Use carpentry tools and equipment.	Yes
Prepare a space for building by setting out the boundaries.	Yes
Set up and build flooring.	Yes
Construct wall frames.	Yes
Construct ceiling frames.	Yes
Put up roof trusses.	Yes
Construct eaves.	Yes
Set up and replace windows and doors.	Yes
Set up and build lining, panelling and moulding.	Yes
Erect and dismantle formwork to suspended slabs, columns, beams and walls.	Yes
Set up, test and use levelling devices such as laser levels, string lines, plumb bobs, water levels.	Yes
Put up and take down low scaffolding.	Yes
Use machines that are fixed to a set location.	Yes
Carry out general demolition of minor building structures.	Yes
Make parts for doors and window frames.	Yes
Make parts that are needed in joinery.	Yes
Use workplace safety rules and practices in the construction industry.	Yes
Set up exterior cladding.	Yes
Identify and understand types of plans and drawings.	Yes
Use explosive power tools for work tasks safely.	Yes
Use carpentry materials and tools.	Yes
Construct pitched roofs.	Yes
Work well in the construction industry.	Yes
Plan and organise work.	Yes
Communicate well with others in the workplace.	Yes
Carry out measurements and calculations.	Yes
Work safely at heights.	Yes
Carry out concreting to simple forms.	Yes

Elective Skills	Skilled
Look into small business opportunities.	Yes
Manage small business finances.	Yes
Construct more complex roofs.	Yes
Refurbish timber sashes to window frames.	Yes
Construct bulkheads.	Yes
Put together partitions.	Yes
Build timber external stairs.	Yes
Set up curtain walling.	Yes
Assemble and install stairs.	Yes
Make and install continuous handrailing and special stair parts.	Yes
Build fabricated stairs.	Yes
Set in place and fix reinforcement materials.	Yes
Apply and install sealant and sealant devices.	Yes
Set up dry wall passive fire-rated systems.	Yes
Use machines that are controlled by a computer correctly for work tasks.	Yes
Manufacture stair components for straight flighted stairs.	Yes
Cut and bend materials using oxy-LPG equipment.	Yes
Set out and assemble cabinets, showcases, wall units, counters and workstations.	Yes
Frame and fit wet area fixtures.	Yes
Carry out excavation.	Yes
Drain and dewater civil construction site.	Yes
Set up trench support.	Yes
Enter and work in confined space.	Yes
Design and set out stairs.	Yes

My Skills and Evidence

Mandatory Skills	Tasks
Work: Use carpentry tools and equipment. Unit of Competency Code: CPCCCA2002B Unit Title: Use carpentry tools and equipment	<ul style="list-style-type: none">- Identify and select hand, power and pneumatic tools.- Identify, select and use plant and equipment.- Clean up.- Use tools.- Plan and prepare.- Plan and prepare.- Identify and select hand, power and pneumatic tools.- Use tools.- Identify, select and use plant and equipment.- Clean up.

Mandatory Skills	Tasks
<p>Work: Prepare a space for building by setting out the boundaries.</p> <p>Unit of Competency Code: CPCCCA3002A</p> <p>Unit Title: Carry out setting out</p>	<ul style="list-style-type: none"> - Identify and indicate site boundaries. - Set out first line for building alignment. - Set out right angled corners. - Install other building lines. - Building lines are checked for square. - Clean up. - Plan and prepare. - Plan and prepare. - Identify and indicate site boundaries. - Set out first line for building alignment. - Set out right angled corners. - Install other building lines. - Building lines are checked for square. - Clean up.
<p>Work: Set up and build flooring.</p> <p>Unit of Competency Code: CPCCCA3003A</p> <p>Unit Title: Install flooring systems</p>	<ul style="list-style-type: none"> - Set out sub-floor frame. - Install timber bearers. - Install timber floor joists. - Install flooring. - Clean up. - Plan and prepare. - Plan and prepare. - Set out sub-floor frame. - Install timber bearers. - Install timber floor joists. - Install flooring. - Clean up.
<p>Work: Construct wall frames.</p> <p>Unit of Competency Code: CPCCCA3004A</p> <p>Unit Title: Construct wall frames</p>	<ul style="list-style-type: none"> - Construct wall frames. - Clean up. - Plan and prepare. - Plan and prepare. - Construct wall frames. - Clean up.
<p>Work: Construct ceiling frames.</p> <p>Unit of Competency Code: CPCCCA3005B</p> <p>Unit Title: Construct ceiling frames</p>	<ul style="list-style-type: none"> - Clean up. - Install hanging beams. - Locate ceiling joists. - Plan and prepare. - Plan and prepare. - Locate ceiling joists. - Install hanging beams. - Clean up.

Mandatory Skills	Tasks
<p>Work: Put up roof trusses. Unit of Competency Code: CPCCCA3006B Unit Title: Erect roof trusses</p>	<ul style="list-style-type: none"> - Clean up. - Erect roof trusses. - Plan and prepare. - Plan and prepare. - Erect roof trusses. - Clean up.
<p>Work: Construct eaves. Unit of Competency Code: CPCCCA3008B Unit Title: Construct eaves</p>	<ul style="list-style-type: none"> - Clean up. - Install fascia and barge. - Construct framework for eaves or soffits. - Line and clad eaves and soffits. - Plan and prepare. - Plan and prepare - Install fascia and barge - Construct framework for eaves or soffits - Line and clad eaves and soffits - Clean up
<p>Work: Set up and replace windows and doors. Unit of Competency Code: CPCCCA3010A Unit Title: Install and replace windows and doors</p>	<ul style="list-style-type: none"> - Install window units to frame. - Replace window units/door frames. - Prepare door opening, and construct and fix jamb. - Install door and door unit. - Clean up. - Plan and prepare. - Plan and prepare. - Install window units to frame. - Replace window units/door frames. - Prepare door opening, and construct and fix jamb. - Install door and door unit. - Clean up.
<p>Work: Set up and build lining, panelling and moulding. Unit of Competency Code: CPCCCA3013A Unit Title: Install lining, panelling and moulding</p>	<ul style="list-style-type: none"> - Install lining/panelling. - Cut and fix standard architrave mouldings. - Clean up. - Plan and prepare. - Prepare surface for lining/panelling. - Plan and prepare. - Prepare surface for lining/panelling. - Install lining/panelling. - Cut and fix standard architrave mouldings. - Clean up.

Mandatory Skills	Tasks
<p>Work: Erect and dismantle formwork to suspended slabs, columns, beams and walls.</p> <p>Unit of Competency Code: CPCCCA3019A</p> <p>Unit Title: Erect and dismantle formwork to suspended slabs, columns, beams and walls</p>	<ul style="list-style-type: none"> - Strip formwork. - Clean up. - Plan and prepare. - Erect formwork. - Plan and prepare. - Erect formwork. - Strip formwork. - Clean up.
<p>Work: Set up, test and use levelling devices such as laser levels, string lines, plumb bobs, water levels.</p> <p>Unit of Competency Code: CPCCCA3023A</p> <p>Unit Title: Carry out levelling operations</p>	<ul style="list-style-type: none"> - Conduct levelling procedures using height of instrument method. - Calculate distances using stadia lines. - Clean up. - Plan and prepare. - Conduct levelling procedures using rise and fall method. - Plan and prepare. - Conduct levelling procedures using rise and fall method. - Conduct levelling procedures using height of instrument method. - Calculate distances using stadia lines. - Clean up.
<p>Work: Put up and take down low scaffolding.</p> <p>Unit of Competency Code: CPCCCM2008B</p> <p>Unit Title: Erect and dismantle restricted height scaffolding</p>	<ul style="list-style-type: none"> - Inspect, repair and alter scaffolding. - Dismantle scaffolding. - Clean up. - Plan and prepare. - Erect scaffolding. - Plan and prepare. - Erect scaffolding. - Inspect, repair and alter scaffolding. - Dismantle scaffolding. - Clean up.

Mandatory Skills	Tasks
<p>Work: Use machines that are fixed to a set location. Unit of Competency Code: CPCCJN3001A Unit Title: Use static machines</p>	<ul style="list-style-type: none"> - Identify static machines, their operation and safety requirements. - Prepare machine for use. - Operate machine. - Maintain machine and attachments. - Clean up. - Plan and prepare. - Plan and prepare. - Identify static machines, their operation and safety requirements. - Prepare machine for use. - Operate machine. - Maintain machine and attachments. - Clean up.
<p>Work: Carry out general demolition of minor building structures. Unit of Competency Code: CPCCCA3001A Unit Title: Carry out general demolition of minor building structures</p>	<ul style="list-style-type: none"> - Clean up. - Plan and prepare. - Demolish minor building structures. - Plan and prepare. - Demolish minor building structures. - Clean up.
<p>Work: Make parts for doors and window frames. Unit of Competency Code: CPCCJN3003A Unit Title: Manufacture components for door and window frames and doors</p>	<ul style="list-style-type: none"> - Machine components. - Clean up. - Plan and prepare. - Set up machine. - Plan and prepare. - Set up machine. - Machine components. - Clean up.

Mandatory Skills	Tasks
<p>Work: Make parts that are needed in joinery. Unit of Competency Code: CPCCJN3004A Unit Title: Manufacture joinery components</p>	<ul style="list-style-type: none"> - Select and prepare materials for use in joinery production process. - Manufacture components. - Secure and hold components in place. - Fabricate assembled components. - Process for manufacture and fabrication sequencing is monitored. - Clean up. - Plan and prepare. - Plan and prepare. - Select and prepare materials for use in joinery production process. - Manufacture components. - Secure and hold components in place. - Fabricate assembled components. - Process for manufacture and fabrication sequencing is monitored. - Clean up.
<p>Work: Use workplace safety rules and practices in the construction industry. Unit of Competency Code: CPCCOHS2001A Unit Title: Apply OHS requirements, policies and procedures in the construction industry</p>	<ul style="list-style-type: none"> - Follow emergency procedures. - Apply safe work practices. - Plan and prepare for safe work practices. - Identify and assess risks. - Identify hazardous materials and other hazards on work sites. - Identify and assess risks. - Identify hazardous materials and other hazards on work sites. - Plan and prepare for safe work practices. - Apply safe work practices. - Follow emergency procedures.

Mandatory Skills	Tasks
<p>Work: Set up exterior cladding. Unit of Competency Code: CPCCCA3017B Unit Title: Install exterior cladding</p>	<ul style="list-style-type: none"> - Set out, cut and fix horizontal weatherboards. - Fix edge finishing, flashing and insulation. - Straighten and prepare exterior walls. - Fix panelling. - Clean up. - Plan and prepare. - Plan and prepare - Straighten and prepare exterior walls - Fix edge finishing, flashing and insulation - Set out, cut and fix horizontal weatherboards - Fix panelling - Clean up
<p>Work: Identify and understand types of plans and drawings. Unit of Competency Code: CPCCCM2001A Unit Title: Read and interpret plans and specifications</p>	<ul style="list-style-type: none"> - Read and interpret job specifications. - Identify project requirements. - Recognise amendments. - Recognise commonly used symbols and abbreviations. - Locate and identify key features on a site plan. - Identify types of drawings and their functions. - Identify types of drawings and their functions. - Recognise amendments. - Recognise commonly used symbols and abbreviations. - Locate and identify key features on a site plan. - Identify project requirements. - Read and interpret job specifications.

Mandatory Skills	Tasks
<p>Work: Use explosive power tools for work tasks safely.</p> <p>Unit of Competency Code: CPCCCM2007B</p> <p>Unit Title: Use explosive power tools</p>	<ul style="list-style-type: none"> - Set out fasteners. - Use EPT. - Secure and store equipment and charges. - Maintain EPT and kit. - Clean up. - Plan and prepare. - Plan and prepare. - Set out fasteners. - Use EPT. - Secure and store equipment and charges. - Maintain EPT and kit. - Clean up.
<p>Work: Use carpentry materials and tools.</p> <p>Unit of Competency Code: CPCCCA2011A</p> <p>Unit Title: Handle carpentry materials</p>	<ul style="list-style-type: none"> - Plan and prepare. - Manually handle, sort and stack carpentry materials and components. - Prepare for mechanical handling of materials. - Clean up. - Plan and prepare. - Manually handle, sort and stack carpentry materials and components. - Prepare for mechanical handling of materials. - Clean up.
<p>Work: Construct pitched roofs.</p> <p>Unit of Competency Code: CPCCCA3007C</p> <p>Unit Title: Construct pitched roofs</p>	<ul style="list-style-type: none"> - Plan and prepare. - Set out and prepare members for pitched roof erection. - Install roof support. - Clean up. - Plan and prepare. - Set out and prepare members for pitched roof erection. - Install roof support. - Clean up.

Mandatory Skills	Tasks
<p>Work: Work well in the construction industry. Unit of Competency Code: CPCCCM1012A Unit Title: Work effectively and sustainably in the construction industry</p>	<ul style="list-style-type: none"> - Identify industry structure, occupations, job roles and work conditions. - Accept responsibility for own workload. - Work in a team. - Identify own development needs. - Identify current resource use and identify opportunities to improve resource efficiency. - Comply with environmental regulations. - Identify industry structure, occupations, job roles and work conditions. - Accept responsibility for own workload. - Work in a team. - Identify own development needs. - Identify current resource use and identify opportunities to improve resource efficiency. - Comply with environmental regulations.
<p>Work: Plan and organise work. Unit of Competency Code: CPCCCM1013A Unit Title: Plan and organise work</p>	<ul style="list-style-type: none"> - Identify task requirements. - Plan steps to complete tasks. - Organise work. - Review planning and organising process. - Identify task requirements. - Plan steps to complete tasks. - Organise work. - Review planning and organising process.
<p>Work: Communicate well with others in the workplace. Unit of Competency Code: CPCCCM1014A Unit Title: Conduct workplace communication</p>	<ul style="list-style-type: none"> - Gather, convey and receive information. - Carry out face-to-face routine communication. - Apply visual communication. - Participate in simple onsite meeting processes. - Gather, convey and receive information. - Carry out face-to-face routine communication. - Apply visual communication. - Participate in simple on-site meeting processes.

Mandatory Skills	Tasks
Work: Carry out measurements and calculations. Unit of Competency Code: CPCCCM1015A Unit Title: Carry out measurements and calculations	<ul style="list-style-type: none"> - Plan and prepare. - Obtain measurements. - Perform calculations. - Estimate approximate quantities. - Plan and prepare. - Obtain measurements. - Perform calculations. - Estimate approximate quantities.
Work: Work safely at heights. Unit of Competency Code: CPCCCM2010B Unit Title: Work safely at heights	<ul style="list-style-type: none"> - Identify work area requirements. - Access work area. - Conduct work tasks. - Identify work area requirements. - Access work area. - Conduct work tasks.
Work: Carry out concreting to simple forms. Unit of Competency Code: CPCCCO2013A Unit Title: Carry out concreting to simple forms	<ul style="list-style-type: none"> - Plan and prepare. - Erect and strip simple formwork. - Place and tie reinforcement. - Place concrete. - Clean up. - Plan and prepare. - Erect and strip simple formwork. - Place and tie reinforcement. - Place concrete. - Clean up.

Evidence I can provide

- Qualification / Certificate

Elective Trade Skills	Tasks
Work: Look into small business opportunities. Unit of Competency Code: BSBSMB301A Unit Title: Investigate micro business opportunities	<ul style="list-style-type: none"> - Describe business ideas - Identify market needs - Investigate factors affecting the market
Work: Manage small business finances. Unit of Competency Code: BSBSMB406A Unit Title: Manage small business finances	<ul style="list-style-type: none"> - Implement financial plan - Monitor financial performance

Elective Trade Skills	Tasks
<p>Work: Construct more complex roofs. Unit of Competency Code: CPCCCA3009B Unit Title: Construct advanced roofs</p>	<ul style="list-style-type: none"> - Clean up. - Install roof support. - Set out and prepare members for roof erection. - Plan and prepare. - Plan and prepare. - Set out and prepare members for roof erection. - Install roof support. - Clean up.
<p>Work: Refurbish timber sashes to window frames. Unit of Competency Code: CPCCCA3011A Unit Title: Refurbish timber sashes to window frames</p>	<ul style="list-style-type: none"> - Refurbish casement windows. - Refurbish double hung windows. - Clean up. - Plan and prepare. - Plan and prepare. - Refurbish casement windows. - Refurbish double hung windows. - Clean up.
<p>Work: Construct bulkheads. Unit of Competency Code: CPCCCA3014A Unit Title: Construct bulkheads</p>	<ul style="list-style-type: none"> - Construct bulkheads. - Clean up. - Plan and prepare. - Plan and prepare. - Construct bulkheads. - Clean up.
<p>Work: Put together partitions. Unit of Competency Code: CPCCCA3015A Unit Title: Assemble partitions</p>	<ul style="list-style-type: none"> - Set out and cut components. - Assemble partitions. - Clean up. - Plan and prepare. - Plan and prepare. - Set out and cut components. - Assemble partitions. - Clean up.
<p>Work: Build timber external stairs. Unit of Competency Code: CPCCCA3016A Unit Title: Construct timber external stairs</p>	<ul style="list-style-type: none"> - Clean up. - Assemble and erect stairs. - Fit handrails, balustrade and finish. - Set out and prepare material. - Plan and prepare. - Plan and prepare. - Set out and prepare material. - Assemble and erect stairs. - Fit handrails, balustrade and finish. - Clean up.

Elective Trade Skills	Tasks
<p>Work: Set up curtain walling. Unit of Competency Code: CPCCCA3022A Unit Title: Install curtain walling</p>	<ul style="list-style-type: none"> - Prepare site for installation. - Install curtain walling. - Seal curtain walling. - Clean up. - Plan and prepare. - Plan and prepare. - Prepare site for installation. - Install curtain walling. - Seal curtain walling. - Clean up.
<p>Work: Assemble and install stairs. Unit of Competency Code: CPCCJS3003A Unit Title: Assemble and install stairs</p>	<ul style="list-style-type: none"> - Clean up. - Secure stair to structure and line spandril area. - Install handrail and balustrade. - Install spiral stair and curved strings. - Assemble and install landings. - Assemble strings and newels. - Install treads and risers. - Select and prepare materials and components. - Plan and prepare. - Plan and prepare. - Select and prepare materials and components. - Assemble strings and newels. - Install treads and risers. - Assemble and install landings. - Install handrail and balustrade. - Install spiral stair and curved strings. - Secure stair to structure and line spandril area. - Clean up.

Elective Trade Skills	Tasks
<p>Work: Make and install continuous handrailing and special stair parts.</p> <p>Unit of Competency Code: CPCCJS3004A</p> <p>Unit Title: Manufacture and install continuous handrailing and special stair components</p>	<ul style="list-style-type: none"> - Clean up. - Manufacture and install brackets and decorative features. - Manufacture scroll and join to handrail. - Manufacture and install bullnosed steps. - Join and mould wreath to straight sections. - Plan and prepare. - Prepare wreath for continuous handrailing. - Plan and prepare. - Prepare wreath for continuous handrailing. - Join and mould wreath to straight sections. - Manufacture scroll and join to handrail. - Manufacture and install bullnosed steps. - Manufacture and install brackets and decorative features. - Clean up.
<p>Work: Build fabricated stairs.</p> <p>Unit of Competency Code: CPCCJS3006A</p> <p>Unit Title: Construct fabricated stairs</p>	<ul style="list-style-type: none"> - Finish stairs. - Clean up. - Assemble and erect stair. - Fit and fix handrailing and balustrade. - Set out and prepare material. - Plan and prepare. - Plan and prepare. - Set out and prepare material. - Assemble and erect stair. - Fit and fix handrailing and balustrade. - Finish stairs. - Clean up.

Elective Trade Skills	Tasks
<p>Work: Set in place and fix reinforcement materials. Unit of Competency Code: CPCCSF2004A Unit Title: Place and fix reinforcement materials</p>	<ul style="list-style-type: none"> - Check reinforcement prior to concrete pour. - Clean up. - Prepare for reinforcement placement. - Place and fix reinforcement. - Plan and prepare. - Plan and prepare. - Prepare for reinforcement placement. - Place and fix reinforcement. - Check reinforcement prior to concrete pour. - Clean up.
<p>Work: Apply and install sealant and sealant devices. Unit of Competency Code: CPCCSH2003A Unit Title: Apply and install sealant and sealant devices</p>	<ul style="list-style-type: none"> - Prepare surface to receive sealants. - Apply sealant. - Install sealant devices. - Clean up. - Plan and prepare. - Plan and prepare. - Prepare surface to receive sealants. - Apply sealant. - Install sealant devices. - Clean up.
<p>Work: Set up dry wall passive fire-rated systems. Unit of Competency Code: CPCCWC3003A Unit Title: Install dry wall passive fire-rated systems</p>	<ul style="list-style-type: none"> - Line a timber joist ceiling using fire-rated system. - Construct a fire-rated shaft wall system. - Construct steel stud fire-rated partition system. - Line a timber stud wall using a fire-rated system. - Construct a suspended ceiling with a fire-rating system. - Clean up. - Plan and prepare. - Plan and prepare. - Line a timber stud wall using a fire-rated system. - Construct steel stud fire-rated partition system. - Construct a fire-rated shaft wall system. - Line a timber joist ceiling using fire-rated system. - Construct a suspended ceiling with a fire-rating system. - Clean up.

Elective Trade Skills	Tasks
<p>Work: Use machines that are controlled by a computer correctly for work tasks. Unit of Competency Code: CPCCJN3002A Unit Title: Use computer-controlled machinery</p>	<ul style="list-style-type: none"> - Clean up. - Transfer program to machine control. - Demonstrate operation of the loaded program to control the machine. - Plan and prepare. - Carry out data input adjustments. - Plan and prepare. - Carry out data input adjustments. - Transfer program to machine control. - Demonstrate operation of the loaded program to control the machine. - Clean up.
<p>Work: Manufacture stair components for straight flighted stairs. Unit of Competency Code: CPCCJS3002A Unit Title: Manufacture stair components for straight flighted stairs</p>	<ul style="list-style-type: none"> - Prepare strings for assembly. - Prepare post for spiral stair. - Prepare newels for assembly. - Cut treads, risers and wedges to length and shape. - Prepare balustrade components. - Clean up. - Finish surface and preassemble stair. - Plan and prepare. - Plan and prepare. - Prepare strings for assembly. - Prepare post for spiral stair. - Prepare newels for assembly. - Cut treads, risers and wedges to length and shape. - Prepare balustrade components. - Finish surface and preassemble stair. - Clean up.
<p>Work: Cut and bend materials using oxy-LPG equipment. Unit of Competency Code: CPCCSF2003A Unit Title: Cut and bend materials using oxy-LPG equipment</p>	<ul style="list-style-type: none"> - Clean up. - Cut material. - Heat and bend material. - Shut down. - Set up and test equipment. - Plan and prepare. - Plan and prepare. - Set up and test equipment. - Cut material. - Heat and bend material. - Shut down. - Clean up.

Elective Trade Skills	Tasks
<p>Work: Set out and assemble cabinets, showcases, wall units, counters and workstations.</p> <p>Unit of Competency Code: CPCCSH3001A</p> <p>Unit Title: Set out and assemble cabinets, showcases, wall units, counters and workstations</p>	<ul style="list-style-type: none"> - Fit doors and drawer fronts. - Assemble and install drawers. - Assemble and fit benchtops. - Assemble carcass. - Carry out manufacturing processes on components. - Mark out material for components. - Clean up. - Plan and prepare. - Develop set-out. - Plan and prepare. - Develop set-out. - Mark out material for components. - Carry out manufacturing processes on components. - Assemble carcass. - Assemble and fit benchtops. - Assemble and install drawers. - Fit doors and drawer fronts. - Clean up.
<p>Work: Frame and fit wet area fixtures.</p> <p>Unit of Competency Code: CPCCCA3012A</p> <p>Unit Title: Frame and fit wet area fixtures</p>	<ul style="list-style-type: none"> - Set out wet area installation. - Prepare for bath installation. - Prepare for shower base installation. - Prepare for sink installation. - Clean up. - Plan and prepare. - Plan and prepare. - Set out wet area installation. - Prepare for bath installation. - Prepare for shower base installation. - Prepare for sink installation. - Clean up.
<p>Work: Carry out excavation.</p> <p>Unit of Competency Code: CPCCCM2002A</p> <p>Unit Title: Carry out excavation</p>	<ul style="list-style-type: none"> - Clean up. - Dig excavations. - Locate excavation site and erect safety equipment. - Plan and prepare. - Plan and prepare. - Locate excavation site and erect safety equipment. - Dig excavations. - Clean up.

Elective Trade Skills	Tasks
<p>Work: Drain and dewater civil construction site. Unit of Competency Code: RIWWMG203A Unit Title: Drain and dewater civil construction site</p>	<ul style="list-style-type: none"> - Position sedimentation control - Plan and prepare - Clean up - Remove water from sumps/wells, trenches and pits - Construct sump/wells - Remove surface water
<p>Work: Set up trench support. Unit of Competency Code: RIICCM210A Unit Title: Install trench support</p>	<ul style="list-style-type: none"> - Clean up - Remove trench shoring - Plan and prepare - Install trench shoring
<p>Work: Enter and work in confined space. Unit of Competency Code: RIIOHS202A Unit Title: Enter and work in confined Space</p>	<ul style="list-style-type: none"> - Enter and work in the confined space - Plan and prepare for entering and working in confined spaces - Exit confined space - Clean up
<p>Work: Design and set out stairs. Unit of Competency Code: CPCCJS3011A Unit Title: Design and set out stairs</p>	<ul style="list-style-type: none"> - Plan and prepare for work. - Prepare stair material for setting out. - Set out strings for a stair. - Set out newels. - Set out component parts. - Plan and prepare for work. - Prepare stair material for setting out. - Set out strings for a stair. - Set out newels. - Set out component parts.
