Date 30 May 2018

By referring the announcement of Myanmar Engineering Council dated 25 May 2018, The Institution of Professional Engineers ( Myanmar Engineers International)(IPEM) makes the following declaration.

The Institution of Professional Engineers Myanmar was organized for Myanmar and Ex Myanmar Citizen Engineers to get international recognition of their qualifications and experience. Our organization is not the one to manipulate the engineers licensing system of Myanmar Engineering Council to do the engineering tasks in Myanmar.

The term Chartered Engineer/ Chartered Professional Engineers are Generic terms being used in UK, Australia, New Zealand and Sri Lanka to express the qualification and experience of an engineer.

They are not the indicator of Professional Licensing .

IPEM is not using PE or RSE or RE which are protected by Myanmar Engineering Council Law.

All IPEM members are advised

- Not to claim yourself as Professional Engineer (PE), Not to claim yourself as Registered Senior Engineer (RSE) or Registered Engineer (RE)
- Not to use CPEng/CEng/REng of IPEM to do any engineering job or any representation to public in Myanmar OR to get any job in Myanmar.
- Not to do any engineering work without licence by Myanmar Engineering Council
- IPEM CPEng/CEng and REng are only for Myanmar Engineer to get international recognition of their Qualifications and Experience and they are not designed for misrepresentation to the public in Myanmar.
- IPEM will take no responsibility on individual or organization who do not abide the above advice and restrictions.

Dr Kyaw Naing

Interim President

The Institution of Professional Engineers Myanmar ( Myanmar Engineers International)
