ASEAN ENGINEERING REGISTER (AER) – Notes for application

The ASEAN Federation of Engineering Organisations (AFEO) Governing Board at its meeting in Vientiane, Lao PDR in June 2011, have agreed to expand the ASEAN **Engineers** Register (AER) into the ASEAN **Engineering** Register (AER) to include the registration of the entire engineering team comprising the Engineers, Engineering Technologists, Technicians and related Associates.

Objectives of the AER

- i. To facilitate the mobility and professional practice of Engineers, Engineering Technologists, Technicians and related Associates within the ASEAN ambit by establishing a framework of mutual recognition of qualifications amongst the ASEAN member countries whereby AER registered Engineers, Engineering Technologists, Technicians and related Associates who wish to take up employment, do business and/or practice outside their home country may carry with them an approved and recognized professional/semiprofessional qualification;
- ii. To safeguard and promote the professional interests of Engineers, Engineering Technologists, Technicians and related Associates;
- iii. To establish a database of the capability profiles of AER registered Engineers, Engineering Technologists, Technicians and related Associates in order that prospective employers from member countries may engage their services.
- iv. To uphold the quality and standing of AER registered Engineers, Engineering Technologists, Technicians and related Associates by facilitating and implementing continuous improvement through the setting, monitoring and reviewing of standards;
- v. To promote cultural and professional links among members of the engineering profession within ASEAN;
- vi. To enhance the wealth creation process of ASEAN countries.

AER Admission Requirements (approved by AFEO Governing Board June 2011)

The minimum requirements for an applicant to be admitted into the AER are as stated below:

(A) ASEAN ENGINEER (AE)**(B) ASEAN ENGINEERING TECHNOLOGIST (AET)**

- i. MUST possess an Engineering/Engineering Technologist degree recognized by the home country;
- ii. MUST be a full member of the Engineering or Technological Association and licensed to practice in the home country; and
- iii. MUST have a minimum of seven (7) years post-graduate working experience in an engineering environment, of which a minimum of two (2) years will be of substantial charge.

(C) ASEAN TECHNICIAN (AT)

- i. MUST possess an Engineering Technologist diploma recognized by the home country. Such diploma programs must be able to meet the requirements of the Dublin Accord or equivalent;
