Specialisation:	Bricklayer

About TradeSET

TradeSET is a free service provided by Trades Recognition Australia (TRA) to help you understand how trade occupations operate in Australia and is part of the process for applicants applying for the:

1. 457 Skills Assessment Program (eligible applicants seeking skills assessments for temporary migration or to facilitate access to occupational licensing)
2. Offshore Skills Assessment Program (eligible applicants seeking skills assessments for permanent migration)
3. The Trades Recognition Service (eligible applicants seeking skills assessments for employment purposes or to facilitate access to occupational licensing); or
4. TradeSET may also be used as a guide for [Job Ready Program](#) participants

Your TradeSET report will also show any additional training you may require to work in Australia.

Skills assessments for the 457 Skills Assessment Program, the Offshore Skills Assessment Program and the Trades Recognition Service (TRS) are conducted by registered training organisations (RTOs) approved by TRA. Please read the relevant [457 Skills Assessment Program Applicant Guidelines](#), [Offshore Skills Assessment Program Applicant Guidelines](#) or [Trades Recognition Service Guidelines](#) for information, including eligibility requirements and how to locate a TRA-approved RTO.

Your TradeSET report must be given to the TRA-approved RTO conducting your skills assessment.

Important Notes:

The TradeSET report is not a formal skills assessment or a qualification. Persons applying for skilled migration are required to meet all requirements of the Department of Immigration and Border Protection (DIBP). This includes English language requirements and any other requirements as directed by DIBP. Further information about migration requirements can be found at <http://www.border.gov.au/>.

Skills Report

Mandatory Skills	Skilled
Build masonry veneer buildings and structures.	Yes
Build cavity brick/block buildings and structures.	Yes
Build masonry steps, stairs and wing walls.	Yes
Build masonry walls and corners.	Yes
Set up flashings and a damp proof course.	Yes
Build masonry arches within walls and above columns or attached piers.	Yes
Build a specified masonry curved wall.	Yes
Set up fire-rated construction units.	Yes
Prepare a space for building by setting out the boundaries.	Yes
Set up, test and use levelling devices.	Yes
Put up and take down low scaffolding.	Yes
Carry out basic demolition.	Yes
Handle and prepare bricklaying and blocklaying materials.	Yes
Use bricklaying and blocklaying tools and equipment.	Yes
Use workplace safety rules and practices in the construction industry.	Yes
Build multi-thickness walls and piers.	Yes
Identify and understand types of plans and drawings.	Yes
Work well in the construction industry.	Yes
Plan and organise work.	Yes
Communicate well with others in the workplace.	Yes
Carry out measurements and calculations.	Yes

Elective Skills	Skilled
Look into small business opportunities.	No
Manage small business finances.	No
Lay pavers on level and inclined surfaces.	No
Set up and build glass blockwork to buildings.	No
Build brick fireplaces and chimneys.	No
Build masonry structural systems.	No
Plan, set out and lay bricks to form a decorative finish to brickwork on buildings.	No

Elective Skills	Skilled
Build battered masonry walls and piers.	No
Carry out tuck pointing to brickwork.	No
Set in place and fix reinforcement materials.	No
Use explosive power tools for work tasks safely.	No
Install heat-treated concrete items.	No
Work safely at heights.	No
Manage small business finances.	No
Carry out concreting to simple forms.	No

<p>Work: Put up and take down low scaffolding. Unit of Competency Code: CPCCCM2008B Unit Title: Erect and dismantle restricted height scaffolding</p>	<ul style="list-style-type: none"> - Inspect, repair and alter scaffolding. - Dismantle scaffolding. - Clean up. - Plan and prepare. - Erect scaffolding. - Plan and prepare. - Erect scaffolding. - Inspect, repair and alter scaffolding. - Dismantle scaffolding. - Clean up.

Mandatory Skills	Tasks
<p>Work: Carry out basic demolition. Unit of Competency Code: CPCCCM2009A Unit Title: Carry out basic demolition</p>	<ul style="list-style-type: none"> - Prepare demolition site. - Remove components. - Clean up. - Plan and prepare. - Plan and prepare. - Prepare demolition site. - Remove components. - Clean up.
<p>Work: Handle and prepare bricklaying and blocklaying materials. Unit of Competency Code: CPCCBL2001A Unit Title: Handle and prepare bricklaying and blocklaying materials</p>	<ul style="list-style-type: none"> - Handle and remove waste materials. - Mix bricklaying and blocklaying mortar. - Perform mechanical handling of materials. - Clean up. - Prepare for work. - Manually handle bricklaying and blocklaying materials. - Prepare for work. - Manually handle bricklaying and blocklaying materials. - Perform mechanical handling of materials. - Mix bricklaying and blocklaying mortar. - Handle and remove waste materials. - Clean up.
<p>Work: Use bricklaying and blocklaying tools and equipment. Unit of Competency Code: CPCCBL2002A Unit Title: Use bricklaying and blocklaying tools and equipment</p>	<ul style="list-style-type: none"> - Select tools for work. - Use tools. - Identify and select plant and equipment. - Use plant and equipment. - Clean up. - Prepare for work. - Identify hand and power tools. - Prepare for work. - Identify hand and power tools. - Select tools for work. - Use tools. - Identify and select plant and equipment. - Use plant and equipment. - Clean up.

Mandatory Skills	Tasks
<p>Work: Use workplace safety rules and practices in the construction industry.</p> <p>Unit of Competency Code: CPCCOHS2001A</p> <p>Unit Title: Apply OHS requirements, policies and procedures in the construction industry</p>	<ul style="list-style-type: none"> - Follow emergency procedures. - Apply safe work practices. - Plan and prepare for safe work practices. - Identify and assess risks. - Identify hazardous materials and other hazards on work sites. - Identify and assess risks. - Identify hazardous materials and other hazards on work sites. - Plan and prepare for safe work practices. - Apply safe work practices. - Follow emergency procedures.
<p>Work: Build multi-thickness walls and piers.</p> <p>Unit of Competency Code: CPCCBL3006A</p> <p>Unit Title: Lay multi-thickness walls and piers</p>	<ul style="list-style-type: none"> - Prepare for work. - Set out brickwork. - Construct walls and attached piers. - Construct isolated piers. - Finish joints. - Clean up. - Prepare for work. - Set out brickwork. - Construct walls and attached piers. - Construct isolated piers. - Finish joints. - Clean up.
<p>Work: Identify and understand types of plans and drawings.</p> <p>Unit of Competency Code: CPCCCM2001A</p> <p>Unit Title: Read and interpret plans and specifications</p>	<ul style="list-style-type: none"> - Read and interpret job specifications. - Identify project requirements. - Recognise amendments. - Recognise commonly used symbols and abbreviations. - Locate and identify key features on a site plan. - Identify types of drawings and their functions. - Identify types of drawings and their functions. - Recognise amendments. - Recognise commonly used symbols and abbreviations. - Locate and identify key features on a site plan. - Identify project requirements. - Read and interpret job specifications.

Mandatory Skills	Tasks
<p>Work: Work well in the construction industry. Unit of Competency Code: CPCCCM1012A Unit Title: Work effectively and sustainably in the construction industry</p>	<ul style="list-style-type: none"> - Identify industry structure, occupations, job roles and work conditions. - Accept responsibility for own workload. - Work in a team. - Identify own development needs. - Identify current resource use and identify opportunities to improve resource efficiency. - Comply with environmental regulations. - Identify industry structure, occupations, job roles and work conditions. - Accept responsibility for own workload. - Work in a team. - Identify own development needs. - Identify current resource use and identify opportunities to improve resource efficiency. - Comply with environmental regulations.
<p>Work: Plan and organise work. Unit of Competency Code: CPCCCM1013A Unit Title: Plan and organise work</p>	<ul style="list-style-type: none"> - Identify task requirements. - Plan steps to complete tasks. - Organise work. - Review planning and organising process. - Identify task requirements. - Plan steps to complete tasks. - Organise work. - Review planning and organising process.
<p>Work: Communicate well with others in the workplace. Unit of Competency Code: CPCCCM1014A Unit Title: Conduct workplace communication</p>	<ul style="list-style-type: none"> - Gather, convey and receive information. - Carry out face-to-face routine communication. - Apply visual communication. - Participate in simple onsite meeting processes. - Gather, convey and receive information. - Carry out face-to-face routine communication. - Apply visual communication. - Participate in simple on-site meeting processes.

Mandatory Skills	Tasks
Work: Carry out measurements and calculations. Unit of Competency Code: CPCCCM1015A Unit Title: Carry out measurements and calculations	<ul style="list-style-type: none"> - Plan and prepare. - Obtain measurements. - Perform calculations. - Estimate approximate quantities. - Plan and prepare. - Obtain measurements. - Perform calculations. - Estimate approximate quantities.

Evidence I can provide

- Qualification / Certificate
- Testimonial / Reference

Skills and Evidence I may need

Elective Trade Skills	Tasks
Work: Look into small business opportunities. Unit of Competency Code: BSBSMB301A Unit Title: Investigate micro business opportunities	<ul style="list-style-type: none"> - Describe business ideas - Identify market needs - Investigate factors affecting the market
Work: Manage small business finances. Unit of Competency Code: BSBSMB406A Unit Title: Manage small business finances	<ul style="list-style-type: none"> - Implement financial plan - Monitor financial performance
Work: Lay pavers on level and inclined surfaces. Unit of Competency Code: CPCCBL3001A Unit Title: Lay paving	<ul style="list-style-type: none"> - Set out work area. - Lay paving. - Clean up. - Prepare for work. - Prepare for work. - Set out work area. - Lay paving. - Clean up.
Work: Set up and build glass blockwork to buildings. Unit of Competency Code: CPCCBL3007A Unit Title: Install glass blockwork	<ul style="list-style-type: none"> - Install glass blocks. - Clean up. - Prepare for work. - Prepare for installation. - Prepare for work. - Prepare for installation. - Install glass blocks. - Clean up.

Elective Trade Skills	Tasks
<p>Work: Build brick fireplaces and chimneys. Unit of Competency Code: CPCCBL3012A Unit Title: Construct fireplaces and chimneys</p>	<ul style="list-style-type: none"> - Set out and prepare base. - Construct base. - Construct hearth and firebox. - Construct firebox and face brickwork. - Form throat and chimney shaft. - Complete chimney. - Finish joints. - Clean up. - Prepare for work. - Prepare for work. - Set out and prepare base. - Construct base. - Construct hearth and firebox. - Construct firebox and face brickwork. - Form throat and chimney shaft. - Complete chimney. - Finish joints. - Clean up.
<p>Work: Build masonry structural systems. Unit of Competency Code: CPCCBL3013A Unit Title: Construct masonry structural systems</p>	<ul style="list-style-type: none"> - Construct load bearing walls. - Set out masonry structures. - Construct load bearing walls with piers. - Carry out articulated masonry construction. - Clean and finish mortar joints. - Clean up. - Prepare for work. - Prepare for work. - Set out masonry structures. - Construct load bearing walls. - Construct load bearing walls with piers. - Carry out articulated masonry construction. - Clean and finish mortar joints. - Clean up.

Elective Trade Skills	Tasks
<p>Work: Plan, set out and lay bricks to form a decorative finish to brickwork on buildings. Unit of Competency Code: CPCCBL3015A Unit Title: Construct decorative brickwork</p>	<ul style="list-style-type: none"> - Set out for decorative brickwork. - Lay bricks to form corbels and protrusions. - Construct brickwork to acute and obtuse angled corners. - Lay plinth bricks or squints to form plinth areas or sills. - Install decorative capping. - Construct decorative panel. - Finish joints. - Clean up. - Prepare for work. - Prepare for work. - Set out for decorative brickwork. - Lay bricks to form corbels and protrusions. - Construct brickwork to acute and obtuse angled corners. - Lay plinth bricks or squints to form plinth areas or sills. - Install decorative capping. - Construct decorative panel. - Finish joints. - Clean up.
<p>Work: Build battered masonry walls and piers. Unit of Competency Code: CPCCBL3016A Unit Title: Construct battered masonry walls and piers</p>	<ul style="list-style-type: none"> - Clean up. - Lay masonry. - Prepare for work. - Prepare base. - Prepare for work. - Prepare base. - Lay masonry. - Clean up.
<p>Work: Carry out tuck pointing to brickwork. Unit of Competency Code: CPCCBL3017A Unit Title: Carry out tuck pointing to brickwork</p>	<ul style="list-style-type: none"> - Apply putty point material to bed joints. - Clean up. - Prepare for work. - Prepare work location. - Prepare for work. - Prepare work location. - Apply putty point material to bed joints. - Clean up.

Elective Trade Skills	Tasks
<p>Work: Set in place and fix reinforcement materials. Unit of Competency Code: CPCCSF2004A Unit Title: Place and fix reinforcement materials</p>	<ul style="list-style-type: none"> - Check reinforcement prior to concrete pour. - Clean up. - Prepare for reinforcement placement. - Place and fix reinforcement. - Plan and prepare. - Plan and prepare. - Prepare for reinforcement placement. - Place and fix reinforcement. - Check reinforcement prior to concrete pour. - Clean up.
<p>Work: Use explosive power tools for work tasks safely. Unit of Competency Code: CPCCCM2007B Unit Title: Use explosive power tools</p>	<ul style="list-style-type: none"> - Set out fasteners. - Use EPT. - Secure and store equipment and charges. - Maintain EPT and kit. - Clean up. - Plan and prepare. - Plan and prepare. - Set out fasteners. - Use EPT. - Secure and store equipment and charges. - Maintain EPT and kit. - Clean up.
<p>Work: Install heat-treated concrete items. Unit of Competency Code: CPCCBL3018A Unit Title: Install aerated autoclaved concrete products</p>	<ul style="list-style-type: none"> - Prepare for work. - Set out and prepare base. - Lay AAC blockwork. - Install lintels to AAC blockwork. - Install AAC floor panels. - Install AAC wall panels. - Clean up. - Prepare for work. - Set out and prepare base. - Lay AAC blockwork. - Install lintels to AAC blockwork. - Install AAC floor panels. - Install AAC wall panels. - Clean up.
<p>Work: Work safely at heights. Unit of Competency Code: CPCCCM2010B Unit Title: Work safely at heights</p>	<ul style="list-style-type: none"> - Identify work area requirements. - Access work area. - Conduct work tasks. - Identify work area requirements. - Access work area. - Conduct work tasks.

Elective Trade Skills	Tasks
<p>Work: Manage small business finances. Unit of Competency Code: CPCCCM3001C Unit Title: Operate elevated work platforms</p>	<ul style="list-style-type: none"> - Plan and prepare. - Conduct routine checks of platform. - Locate equipment in place for work application. - Elevate platform to work location. - Lower platform and shut down. - Clean up. - Plan and prepare. - Conduct routine checks of platform. - Locate equipment in place for work application. - Elevate platform to work location. - Lower platform and shut down. - Clean up.
<p>Work: Carry out concreting to simple forms. Unit of Competency Code: CPCCCO2013A Unit Title: Carry out concreting to simple forms</p>	<ul style="list-style-type: none"> - Plan and prepare. - Erect and strip simple formwork. - Place and tie reinforcement. - Place concrete. - Clean up. - Plan and prepare. - Erect and strip simple formwork. - Place and tie reinforcement. - Place concrete. - Clean up.
